

## English

### Writing

Using our text, the children will develop their writing skills through sentence accuracy, before writing a persuasive letter and their own narrative. The children will use features of letters. They will consistently using full stops and capital letters as well as apostrophes for contractions. They should be using commas, question marks and exclamation marks. The children will be able to describe characters and settings in their writing and recount stories accurately.

### Guided Reading

The children will continue to develop their comprehension skills by reading with fluency and expression. They will continue to retrieve key information from a text and infer the thoughts and feelings of different characters using clues in the text.

## Maths

The children will continue to learn about addition and subtraction when bridging 10.

The children will secure their knowledge of multiplication and division facts.

The children will look at fractions of amounts and numbers.

The children will learn about 2d and 3d shapes.

## P.E.

The children will focus on games to throw, dribble and catch accurately. They will develop skills in tennis based sessions by improving their coordination. They will show good control over a racket and passing and moving a tennis ball.

## Art and Design

### Stick Transformation

The children will learn to use their imagination and transform a familiar object (a stick) into new forms.

They will complete simple sculptural activities which encourages them to think creatively about how they can use materials to create a small sculpture.

## Computing

### Digital Art and Coding

In our Computing sessions this half term, children will learn about how to discuss technology concerns with an adult. They will learn to code using Studio Code and will use repeat commands and find bugs. They will learn how to make digital art.

## Half Term Plan for Year Two Summer 1 2024

## Science

### Plants:

The children will observe and describe how seeds and bulbs grow into mature plants. They will also find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.

## Life to the Full (Ten:Ten)

### Me, My Body, My Health

Children will learn about their online life versus their 'real' life and learn to recognise safe and unsafe situations in both. They will learn about what is appropriate and inappropriate behaviour and which adults they can talk to.

## Key Dates

Friday 19th April- **Zoo Trip**

Friday 10th May- **Art Day**

Friday 17th May- **D.T. Day**

Thursday 23rd May- **Drama Workshop**

## History

### Significant People

The children will continue to learn about explorers and what it means to be an explorer. They will learn about the lives of Christopher Columbus and Neil Armstrong. They will learn about the exploring they did and what impact this had at the time.

## Geography

The children will recap the continents and learn about the five oceans. They will learn about key landmarks in Europe and learn about their significance.

## R.E.

### Eastertide

The children will learn about the key events of Easter and what happened after the resurrection of Jesus. They will build on their knowledge of what this was like for the disciples. The children will learn about the Ascension and Pentecost. They will reflect on the importance of all these events and what they mean for us today.
