

National Poetry Day 2022 -

Our School Poem on..The Environment

In the park, in the woods, or out on the sea,

Nature is beauty, nature is free!

We love the big green park, it's exciting and lots of fun.

Dogs are walked, children play, something for everyone!

In the beautiful green fields, orange foxes sniff the ground.

The speedy squirrels are eating nuts, don't make a sound.

Shhh!

The swaying sandy sea, splashes the sandy beach

The lighthouse in the distance guides ships they are out of reach.

Upon the sandy beach, wind howls across the sea

Children making sandcastles, splash around with glee.

The shiny forceful waves, crash against the rocks,

The screeching hungry seagulls fly around in flocks.

At the sunny seaside, we love salty fish and chips,

The creamy, delicious ice cream makes us lick our lips!

The soft, silky sand fell from my hand,

The cold, salty sea floods the land.

In the park, in the woods, or out on the sea,

Nature is beauty, nature is free!
