

Accelerated Reader

at
Sacred Heart Catholic Primary School

What is Accelerated Reader?

Accelerated Reader is a computer program that helps teachers manage and monitor children's independent reading practice. Pupils in Year 3 and above pick a book at their own level and reads it at their own pace.

When finished, your child takes a short quiz on the computer - passing the quiz is an indication that your child has understood what has been read. AR gives both children and teachers feedback based on the quiz results which the teacher then uses to help the child set targets and ongoing reading practice.

Introduction to the Program

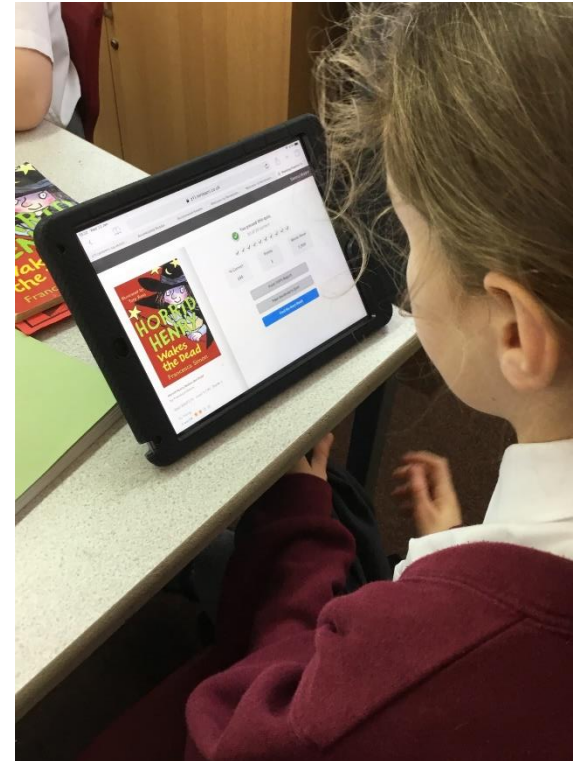

STAR Reading

A computer-adaptive reading test used to assess pupils' reading ability and to determine their recommended reading levels for Accelerated Reader. Measures growth over time.

Accelerated Reader

A database of a quizzes to test comprehension of books read. Provides instant feedback and monitoring.

Taking a test

In most cases, children really enjoy taking the quizzes. Since they are reading books at their own reading and interest levels, they are likely to be successful. This is satisfying for most children. Best of all they learn and grow at their own pace.

AR Books and ZPD

AR Books – Each quizzed book has a book level which represents the difficulty of text

ZPD - An individual range of book levels recommended for each pupil's reading ability

We have invested time and effort relabelling and organising our reading books in school to facilitate this reading program. Class teachers assist children in finding a suitable book at their ZPD level.

Your promise to us...

Pupils in KS2 have all made the following reading promise. This ensures that books come into school every day and that pupils show respect and care for the books that they take home.

Your Reading Promise...

-  I promise to bring my book into school every day.
-  I promise to read my book either on my own or with an adult at least once a day.
-  I promise to take good care of my book and return it the same condition that I received it.

Why are we using Accelerated Reader?

- Accelerated Reader helps all children become better readers from pupils with special needs to those who are gifted and talented.
- Accelerated Reader encourages children to read for at least thirty minutes each day and rewards effort and achievement.
- When children read books at their appropriate level they experience success and grow in confidence and reading stamina.
- The teachers work with children to set appropriate targets based on each child's reading ability

5.0 of 5.0 Points

We would like children to achieve 80% percent% of their target based on at least twenty minutes of reading each day

Tracking Pupil Progress

Children can see what books they have read and how they did. The programme also gives them suggestions on what to read next based on their interest and ability. Children see a sunflower or graph, depending on their year group, which builds up as they pass quizzes.

The screenshot shows a reading progress dashboard. On the left, there are three main sections: 'Points' with a value of 20.9 and 'No Goal Set' status; 'ATOS Book Level' with a value of 5.4 and 'average level' subtitle, also with 'No Goal Set' status; and 'Reader Certifications' with a subtitle 'Only passed quizzes count toward certification'. Below these are 'Last Achieved: None' and 'Current Goal: No Goal Set'. On the right, a book cover for 'Best Friends and Drama Queens' by Meg Cabot is shown, with 'ATOS Book Level: 4.9' and 'Interest Level: Middle Grades'. Below the book cover, it says '10 of 10 Correct' and '100%', and '5.0 of 5.0 Points' and '5.0'. At the bottom right of the dashboard is a button labeled 'View My Bookshelf' which is circled in black.

Points	20.9	No Goal Set
ATOS Book Level	5.4 average level	No Goal Set
Quizzes Passed/Taken:	5/5	Word Count: 152,967
Reader Certifications Only passed quizzes count toward certification.		
Last Achieved:	Current Goal:	
None	No Goal Set	
View My Bookshelf		

They can also see how many points they have acquired and what their total word count is. The children have to pass the quiz in order to get the word count.

“You can find magic wherever you look. Sit back and relax, all you need is a book.”

Millionaires club!

Pupils can regularly check how many words that have read and strive to reach the 1,000,000 word target! Regular updates are given by our teachers via Twitter

Reading everyday!

- According to Renaissance Learning's research, children who read at least 20 minutes a day with a 90% comprehension rate on AR quizzes see the greatest gains.
- Therefore, your child should have at least 20 minutes set aside for reading during day.

How can you help your child to be a better reader?

- Encourage your child to read at home every day because they will get better at reading if they practice.
- Create a culture of reading in your household by reading with your child, having a collection of books at home, visiting your local library or bookshop regularly and by letting your child see you reading.
- When reading with your child stop and ask them questions about the text to be sure your child is understanding what they have read.
- Try to regularly discuss books that everyone in your family is reading or has read.

How does my
child's ZPD
compare with
their peers?

Please try not to compare your child's ZPD with that of other children. Your child is reading at a ZPD that is appropriate for where they need to be. Each child is an individual, with individual needs, capabilities, interests and abilities and Accelerated Reader caters for this. Your class teacher will inform you at parents evening if your child is working at an age appropriate level.

Does the ZPD range relate to National Curriculum expectations?

Yes! The ZPD Range links to the national curriculum expectations and you will be informed at Parent's evening if your child is on track to meet age related expectations. .

Why is my child's ZPD range so wide or narrow?

This depends on skills your child has mastered and skills they need to develop. The ZPD will broaden as your child becomes secure with a skill, be that decoding, word recognition, inferring what will happen next or retrieving information from the text.

We wish you and your child lots of success with Accelerated Reader.

If you have any questions please speak to your child's class teacher or to our English subject leader, Miss Barrow
