

## English

### Writing

Using our non-fiction vehicle text, "The Ways of The Wolf" pupils will develop their writing skills through writing opportunities including writing an Attenborough-inspired script and non-chronological explanation texts.

### Guided Reading

The children will be recapping a variety of key reading skills looking at author's choice of vocabulary, retrieving key information and inferring information. The children will make predictions based on what they've read.

## Maths

Negative Numbers  
Position and Movement  
Symmetry  
Word Problems

### RECAP

Place value of numbers  
Negative Numbers  
Formal Methods of multiplication, division, addition and subtraction  
Common Factors, multiples and prime numbers  
Order of Operations (BIDMAS)  
Decimals and percentages  
Ratio  
Operations with fractions  
Geometry (Angles and Shape)  
The children should continue to access Times Table Rock Stars to ensure that they have a sound knowledge of multiplication and division.

## Art and Design

In design technology, students will explore electrical systems and in Art, pupils will use their knowledge of light to create their own "shadow puppets".

## P.E.

This half term we will be developing our decision making and teamwork skills during football practice.

## Drama

Pupils will have multiple opportunities to hone their drama skills in English, writing and performing their own "Our planet" style voice overs.

## Half Term Plan for Year Six Summer 1 2024

## Music

### "Music and Me"

Throughout this series, students will explore the concept of 'identity' - the various elements that shape us. In this unit, we start with gender, with reference to social and cultural differences. They will be invited to try out different ways of making their own music, while exploring the work of some of the most influential women in music over the last 100 years.

## Computing

### Online Safety: Digital Relationships

Looking at self image and identity, online relationships and online bullying whilst learning the strategies to prevent and stop negative situations.

### Presentations and Databases: Code Studio:

Pupils will be using different computing software to design and deliver presentations and transfer data into databases using Google Sheets.

Multimedia: Adobe Spark, iMovie, Google Tour

## Key Dates

Thursday 18th April - Chester Zoo Trip  
Tuesday 23rd April - Rock Steady Concert  
Monday 6th May - Bank Holiday Monday  
Monday 13th May - SATS week

## Science

In Science this half term we will continue to look at aspects of the human body: pupils will learn of the major organs, food groups and discuss the impact of drugs and alcohol on the body. We will then move on to looking at electrical systems.

## History

### Leisure and Tourism in the 20th Century

Pupils will be studying how the leisure and tourism industry has developed over the last century, looking specifically music, inventions and past times in Liverpool and London.

## Geography

### Coasts

As Well as leisure and tourism, pupils will be looking at life in a coastal town or city - looking closely at the physical and human geography. Pupils will also partake in a coastal walk.

## R.E.

### The Transforming Spirit

In this unit the children will have the opportunity to learn about Jesus's Ascension and reflect on what this was like for his disciples. Pupils will also look at what happened during Pentecost and deeper their understanding of the Holy Spirit and how it transformed the apostles and how it can transform us.
